PowerData Technologies

The power to connect

Custom PDU products

- IEC 320 C13 or C19 sockets •
- 13A, IEC C14 or C20 plugs •
- H05VVF or LSZH cables •
- 1.5mm, 2.5mm and 4mm cable
- UK or Schuko power sockets
- Single phase / 3-phase
- 16A, 32A or 63A commando
- Amp / Power meters

Flexibility is key in the modern Data Centre, the ability to adapt and change to the clients needs and deliver power on demand is a constant and real equation.

PowerData Technologies manufacture PDU's to the customer's needs, using a wide range of modular components within a 1.5U (62mm) power coated black aluminium extrusion or steel based stamped and formed metalwork for higher volume orders, coloured metalwork and 2U or 3U designs - we adapt to industry demands.

Drawings can be raised prior to order to help get the order and ensure continuity on repeat orders.

DO NOT SCALE 848mm long
